

Y'À PAS D'LEZARD !

FONT BARRIELE

During a biodiversity diagnosis carried out on our vineyard, the naturalist on the lookout witnessed the sunbathing, rarely observable, of this ocellated lizard, a protected species in our countryside.

Our tray of rolled pebbles offers him a very comfortable habitat as long as he finds heaps of them allowing him to find shelter there.

Never mind, we install lodgings for him made with heaps of pebbles and a shelter underneath so that he stays with us for a long time.

Hopefully each year we see more than the year before!

This rare presence is well worth a cuvée, for sure.

Wine : Vin de France

Grapes : Grenache noir 80% Syrah 20%

Soil: Terrasse rhodanienne de galets roulés

Yield : 70 hectolitres par ha

Vinification : Night harvest, blended grape varieties, maceration of must, soft pressing, light settling. Fermentation at low temperature.

Ageing: 2 à 4 years serve at à 12°C

Tasting notes : Pale color with intense pink reflections. Nose of white peach, wild strawberry. The palate is fresh with refreshing notes of currant and pink grapefruit.
